- TA stayed after discussion had ended to help students one-on-one.

Going through problems as a class was good.

- Discussion were extremely helpful (going over lecture material, having discussion notes and handouts) - Lavanya explained all concepts thoroughly - always available to ask for help (emails, office hours, discussion sections) - very kind and understanding - extremely patient with students - best GWU TA

I really enjoyed having Ammu Lavanya as my TA. Discussion section really enhanced my knowledge of the course concepts.

Use this space to provide suggestions on how to improve this course.

Please ban all electronics and make attendance mandatory.

It would've been nice to have our problem sheets to study rather than turn them in as attendance.

- have TAs not be bombarded with course content (maybe make discussion section longer)
You indicated that you were academically prepared to take this course, what prepared you for this class (which prior courses, which topics)?
