Use this space for comments on strengths of the course.

TA Lavanya knows her stuff, can explain the complexities of Macro very well, and above all is very approachable as far as TA's go. Also she has a stupid fast turn around on midterm grading which is very nice especially given that the second midterm happens with two weeks before the final. Also the notes and practice problems from discussion are very useful for checking your understanding of the class material

You indicated that you were academically prepared to take this course, what prepared you for this class (which prior courses, which topics)?

Previous high school experience
AP classes
Micro economics
The discussion section covered the material that was taught in our lectures, so I was already familiar with the content before our discussion section.
